***NEW 2024 species**

Zones North-Iowa (NI) and South-Iowa (SI) are aligned with US Forest Service Provisional Seed Transfer Zones

Release fees are 2x market prices for grasses, 1.5x market prices for sedges and forbs.

Fees based on PLS or TZ-PLS.

Seed lots vary in age; all have been stored at 40F and 45% RH. Lots older than 10 years discounted.

"Regrow" indicates species/zones that are in new TPC production fields but have not yet produced adequate seed for release.
